Australian National Flag Day Message

This year on 3 September we celebrate the 119th anniversary of the first time the Australian National Flag was flown. The Flag represents our heritage, our geography and our federal character. Thousands have fought and died defending the ideals our Flag embodies.

Australian National Flag Day gives us the opportunity to celebrate our national identity and I encourage all Australians to participate by flying or displaying the Flag on 3 September 2020.

Andrew Hastie MP
Federal Member for Canning
